Dear Mr Wragg

Thank you so much for your kind donation £500 for the purchase of material to make scrubs for our clinical teams. So very much appreciated at this time.

At any one time Farleigh Hospice is taking care of the physical, emotional, social and spiritual needs of around 1,400 people, free of charge. It costs £16,039 every day to care for people with life limiting illnesses in mid-Essex by providing doctors, nurses, counsellors and therapists.

With approximately 40% of our income coming from the local NHS, we rely on the support and goodwill of the local community to raise the remainder. Whether someone requires relief from pain, expert advice, help to live positively, specialist care in a comforting environment or support for their family, we are dedicated to offering them compassionate care.

All of this care, provided by the Farleigh Hospice team, would not be possible without the support of people like you. Please accept our heartfelt thanks and gratitude and know that all the money you have raised enables us to continue to care for local people who need our services.

Thank you. It *really* is because you care that we can.

Yours sincerely,

Debbie de Boltz
